DETAILED ACTION

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jay Anderson (Reg. # 38,371) on March 1, 2004.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The status identifiers in the amendment filed 09/17/03 should read "(cancelled)" for Claims 10-15 and 17-19. The status identifier for claim 16 should read "(original)".

Allowable Subject Matter

1. Claims 1-9, 16 and 20 are allowed.
2. In the previous notice of allowability claim 15 was also noted as being allowed. This was an error, since the claim had been cancelled. This has been corrected.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fairly suggest a carbon plate coated by a polysilicon coating, wherein said polysilicon coating comprises a bottom silicon coating and a top silicon coating of different thicknesses, wherein the said top silicon coating has a thickness of about 4 μm and said bottom silicon coating has a thickness of about 1.5 μm , wherein the coatings are provided for protecting the susceptor, as well as for allowing determination of susceptor temperature based on emissivity measurements of the coating.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
